Time

Date

- 1. Plans and proposal forms will be available in the office of the Grundy County Engineer
2. Prequalification. If checked, the 2 low bidders must file within 24 hours after the letting an "Affidavit of Availability" (Form BC 57), in duplicate, showing all uncompleted contracts awarded to them and all low bids pending award for Federal, State, County, Municipal and private work.
3. The Awarding Authority reserves the right to waive technicalities and to reject any or all proposals as provided in BLRS Special Provision for Bidding Requirements and Conditions for Material Proposals.
4. A proposal guaranty in the proper amount, as specified in BLRS Special Provision for Bidding Requirements and Conditions for Material Proposals, will be required. Bid Bonds will not be allowed as a proposal guaranty.
5. The successful bidder at the time of execution of the contract will not be required to deposit a contract bond for the full amount of the award. When a contract bond is not required, the proposal guaranty check will be held in lieu thereof. Failure on the part of the contractor to deliver the material within the time specified or to do the work specified herein will be considered just cause to forfeit his surety as provided in Article 108.10 of the Standard Specifications.
6. Proposals shall be submitted on forms furnished by the Awarding Authority and shall be enclosed in an envelope endorsed "Material Proposal, Section 16-YY000-00-GM".

Material Proposal or Deliver & Install Proposal

To Grundy County Board (Awarding Authority)

If this bid is accepted within 45 days from date of opening, the undersigned agrees to furnish or to deliver & install any or all of the materials, at the quoted unit prices, subject to the following:

- 1. It is understood and agreed that the "Standard Specifications for Road and Bridge Construction", adopted April 1, 2016, and the "Supplemental Specifications and Recurring Special Provisions", adopted April 1, 2016, prepared by the Department of Transportation, shall govern insofar as they may be applied and insofar as they do not conflict with the special provisions and supplemental specifications attached hereto.
2. It is understood that quantities listed are approximate only and that they may be increased or decreased as may be needed to properly complete the improvement within its present limits or extensions thereto, at the unit price stated and that bids will be compared on the basis of the total price bid for each group.
3. Delivery in total or partial shipments as ordered shall be made within the time specified in the special provisions or by the acceptance at the point and in the manner specified in the "Schedule of Prices". If delivery on the job site is specified, it shall mean any place or places on the road designated by the awarding authority or its authorized representative.
4. The contractor and/or local agency performing the actual material placement operations shall be responsible for providing work zone traffic control, unless otherwise specified in this proposal. Such devices shall meet the requirements of and be installed in accordance with applicable provisions of the "Illinois Manual on Uniform Traffic Control Devices" and any referenced Illinois Highway Standards.
5. Each pay item should have a unit price and a total price. If no total price is shown or if there is a discrepancy between the product of the unit price multiplied by the quantity, the unit price shall govern. If a unit price is omitted, the total price will be divided by the quantity in order to establish a unit price. A bid will be declared unacceptable if neither a unit price nor a total price is shown.

Discounts will be allowed for payment as follows: % calendar days: % calendar days.

Discounts will not be considered in determining the low bidder.

Title

## Special Provisions

The following Special Provisions supplement the "Standard Specifications for Road and Bridge Construction", Adopted April 1, 2016, the latest edition of the "Manual on Uniform Traffic Control Devices for Streets and Highways", and the "Manual of Test Procedures of Materials" in effect on the date of invitation of bids, and the Supplemental Specifications and Recurring Special Provisions indicated on the Check Sheet included here in which apply to and govern the construction of **Section: 16-YY000-00-GM, Group III**, and in case of conflict with any part, or parts, of said Specifications, the said Special Provisions shall take precedence and shall govern.

### **DESCRIPTION OF WORK**

The work of this Section consists of the furnishing of Aggregate Surface Course Type B (CA-6), loaded on trucks furnished by the Township or Grundy County at the pit or quarry. **Bidder may bid one, any or all Groups.**

### **AGGREGATE SURFACE COURSE TYPE B**

The surfacing material shall conform to the gradation for CA-6 in accordance with the applicable portions of Section 1004 of the Standard Specifications. CBR value 80+.

The daily minimum furnished shall be 250 ton.

Payment for the surfacing material will be based on weight tickets delivered to the truck driver before each truckload of material leaves the pit or quarry.

If, at the time the aggregate leaves the pit or quarry, it contains more than 5% of absorbed and free moisture by weight, a deduction for the amount of moisture in excess of this amount shall be made in determining the pay quantity.

### **METHOD OF COMPARING BIDS**

Bids will be accepted from all Material Suppliers submitting them. The material will be purchased based on the combination of the price of the material, the availability of material and the length of haul to any particular delivery point representing a total price which will be the most advantageous to the Township.

### **PROPOSAL GUARANTEE**

Revise Section 4 of the NOTICE OF MATERIAL LETTING (GRUN Form 12240) to read: "A Proposal Guarantee will not be required".

### **PROSECUTION OF WORK**

Revise the first sentence of Article 108.03 of the Standard Specifications to read: The Contractor shall have the material ready for delivery not later than ten (10) days after receiving written notice from the Grundy County Engineer.

### **MOBILIZATION**

Provisions of Section 671 of the "Standard Specifications for Road and Bridge Construction" are not applicable to this Proposal.
