Supreme Court Rules 552 and 589 effective 1.1.2022:

Rule 552 is “Uniform Tickets—Processing” and addresses citation and complaint forms. The amendment makes it so that multiple citations issued to the same accused for more than one offense arising out of the same occurrence are now excluded from being assigned separate case numbers. The amended Rule now states, “Each accused shall be assigned a single case number containing multiple counts when more than one citation is issued arising out of the same occurrence.”

Rule 589 is “Uniform Civil Law Citations—Processing” and addresses Civil Law Citation forms. Similar to Rule 552, the amendment to Rule 589 makes it so that multiple citations issued to the same accused for more than one offense arising out of the same occurrence are now excluded from being assigned separate case numbers.
