RE: 625 ILCS 5/15-316 Spring Weight Restriction Notice

Good afternoon,

With the warming temperatures upon us we will be placing weight restrictions on several roads within the county once again. I will be keeping in constant contact with the township commissioners as to when we can pull these weight restrictions. The Townships with small truck restrictions are Garfield, Goodfarm, Greenfield, Highland, Maine, Mazon, Norman, Saratoga, and Vienna. The remaining townships have no restrictions. Please check the attached maps to determine which of the township roads have restrictions.

Thank you for your cooperation with the weight restrictions during our spring thaw period.

Please contact Grundy County Highway Department should you have any questions or concerns.

Please take receipt of this letter as the weight restrictions are in effect from January 27, 2024, until further notice.

Thank you,

Eric Gibson, PE

Grundy County Highway Engineer

Cc: Township Commissioners

Thank you,

Sheriff Ken Briley

Grundy County Sheriff
